Description

Item Specifics - Item Condition

Condition: **Used**

Atari Mega 4 STE, Emagic Logic Sequencer, LOG-3 Dongle/ MIDI expander and Sound Surfer Midi librarian

ONE OF THE BEST MIDI-SEQUENCER/COMPUTER COMBINATIONS EVER!

You are bidding on a package including:

- Atari Mega STE in excellent condition with 4 Megs ram and a 40 Meg internal hard drive.
- Emagic Logic 2.01 MIDI sequencer/notation software (for Atari) including all original disks and manuals etc. I received over the span of several years (see photos).
- Emagic LOG-3 dongle and MIDI expander.

- Emagic Notator SL 3.2 sequencer/notation software (for Atari) and all disks.
- Emagic Sound Surfer MIDI universal patch librarian software (for Atari).
- Emagic Logic Tutorial Video and disk (Clear demonstration of all basic functions)
- This auction includes everything in the photos.

***OPTIONAL**

If desired, the auction includes an optional Atari high resolution SM124 monochrome monitor.

***NOTE** – The monitor will be shipped separately and will bare additional shipping charges. All costs relating to the shipping of the optional monitor will be paid by the winning bidder. The charges will reflect the actual shipping cost.

The computer is in great working order and looks very clean inside and out. There is no yellowing of any of the plastic. It includes the keyboard and mouse and all power cords. The hard drive has 4 equal partitions and has some additional software not listed above, as I no longer have the disks. Band in a Box, Hard Drive Turbo Kit, and Megaroids are still on the drive as well as others. This was used as part of my studio in a smoke free home. If you have any questions or concerns please feel free to contact me.

Payment and Shipping Information (Please read carefully)

I prefer PAYPAL. If you prefer to pay with a check I will wait until it clears to ship.

I will carefully package all items and ship them promptly. I plan to ship the software in a separate box. The hard drive heads will be in parked position for shipping. I will ship from 48393 zip code. The box sizes and weights follow:

BOX ONE - Computer, 20 pounds, 15"x 20"x 7"

BOX TWO - Software, manuals and LOG3, 10 pounds, 13"x 12"x 7"

OPTIONAL MONITOR

BOX THREE – 15 pounds, approximately 16"x 18"x 18"

Please use USPS or UPS to determine shipping cost. I can provide accurate shipping rate when I know your location. Rate will reflect actual cost. Nothing "extra" will be charged.

<http://www.usps.com/tools/calculatpostage/welcome.htm>

http://wwwapps.ups.com/calTimeCost?loc=en_US&WT.svl=SubNav

I have tested the system for the last couple of weeks with no problems, however with any vintage equipment I am selling "AS IS".

The combination of the Atari Mega STE and the Logic software and hardware is one of the best MIDI sequencing combinations ever. The timing rivals the most modern computers.

This system deserves to go to a good home. I have enjoyed my time with it and I hope it will continue to provide pleasure for someone else.

Thanks for bidding and Good Luck!
